Erie, PA 16508

SUMMARY

Videographer/camera operator who sets up and configures equipment, edits shots into final formats and adds dynamic effects. Trained in mostly Adobe Creative Suite software when it comes to post-production. In terms of Production, I have adequate knowledge and experience with RED Digital Cinema DSMC2 cameras, as well as a variety of DSLR and mirrorless cameras too. Trained in Office software products and have experience with lighting equipment. I love listening and collaborating with my other co-workers' ideas, getting a glimpse of the perspective of other people is necessary for improvement and developing good team-building relationships.

EXPERIENCE

Videographer/Video Editor

Erie, PA

Wintergreen Media / Aug 2021 to Apr 2022

- Handled the **production** and **post-production** phases of each video and event. Most projects include Penn State Behrend events such as athletics, guest speaker panels (like TED talks), and others. I also made projects such as commercials and promos for Non-profit organizations trying to grow local businesses in Erie.
